Youth Women & Little League Girls

12-13TH DECEMBER 2022

Queensland Women's State Titles

Five years ago was the beginning of Queensland's Women's and Girls' State Titles.

This event has continued to grow and provides an opportunity for female players to compete against their peers in a competitive and friendly atmosphere.

In 2022 we will have the opportunity to see talent that has developed across the past 12 months and be able to watch the developing friendships that come from being part of women's and girls' baseball in Queensland.

Thank you

WELCOME FROM THE CEO OF BASEBALL QUEENSLAND

Baseball Queensland would like to welcome all players, coaching staff, officials and supporters to Bannister Park, Hendra for the 2022 Women's State Titles this December.

Over the course of four days at Bannister Park, Hendra, teams will go head-to-head and battle it out to see who will reign supreme. The event kicks off with Open Women's State Titles, taking place on the weekend of the 9th to 11th of December, followed by the Youth Women's and Girls' State Titles from 12th to 13th December.

Many thanks also to the Umpires, Scorers and Coaches for their valued contribution to this event. Umpiring and scoring can be quite challenging and I'm sure you will all join me in extending our gratitude to these valuable volunteers.

I would also like to recognise the contributions made by the Committee and Members of All Stars Baseball Club for their efforts in making this event successful.

On behalf of everyone at Baseball Queensland we wish all the teams the best of luck over the coming days.

Kind regards,

GARETH JONES

CEO

Baseball Queensland

IMPORTANT INFORMATION

Baseball across Australia recently adopted a range of rules and practices to speed up the game. The concept behind this policy is to potentially provide participants with more participation opportunities that will result in more At Bats and more innings being played in the same time frame. A key part of this process identifies a need to encourage all Umpires to expand the strike zone. It is in this regard that we ask that you consider the Umpire's role in effecting this change and we ask that you support our officials in their efforts to improve the game.

Six pitch locations, all out of the strike zone. Six consecutive home runs for Miguel Cabrera. Sure he's exceptional. At this time the zone within which he could consistently drive the ball, was bigger than the strike zone.

Encourage hitters to be aggressive so they can explore their potential to develop into a better hitter in the long run.

IMPORTANT INFORMATION

Encouraging hitters to be aggressive on any pitch they think they can hit hard can give the hitter a foundation to refine themselves into a better hitter later in life. They either get better at driving balls pitched in a wider variety of locations or at the very least they figure out their strengths and weaknesses through trial and error. If the hitters are aggressive at the plate, they put the ball in play earlier in their at bat and more often. This makes the game move along and makes for a better spectacle for all. In addition, the defense get more opportunities to attempt to make plays.

Gerler Rd

PARK SITE MAP

The background of the entire page is a close-up, slightly blurred photograph of a wooden baseball bat and a white baseball with red stitching. The bat is positioned diagonally from the top left towards the bottom right. The baseball is in the bottom right corner, showing its characteristic red stitching. The lighting is warm, highlighting the natural grain of the wood and the texture of the leather on the bat.
