

BASEBALL FOR ALL

Making our good better and our better best

HAVING A GREAT TEAM

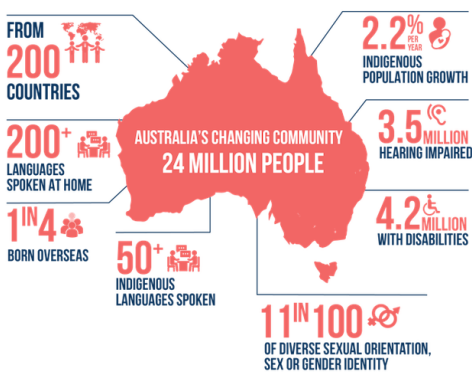

With Us, Not For Us

I am committed to a collaborative approach to sport governance to ensure baseball is a safe, fair and inclusive sport. This means working with players, coaches, clubs, regions and the community to deliver the best outcomes for all.

DIVERSITY AND INCLUSION

I am leading teams to develop resources and opportunities for players with additional needs and from diverse backgrounds. We have the opportunity to engage the broader community, giving them the opportunity to achieve positive physical and mental health.

PLAY BY THE RULES

Strong organisations require strong governance and transparent decision making. I am committed to supporting the development of a strong constitution, bylaws, policies and procedures to ensure there are a clear set of rules about when things happen and how they are done.

TOGETHER WE CAN ACHIEVE GREAT THINGS

From wining national championships to celebrating decades of participation in our sport, by working together we can create opportunities to make our community bigger and better.
